

MiCoBio

LIPOSOMAL TECHNOLOGY

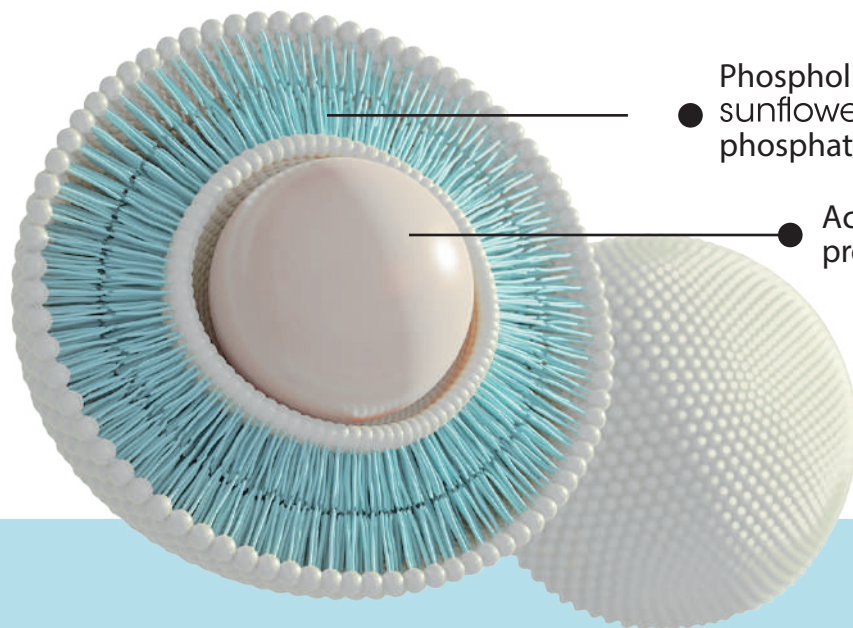

The revolution in the field
in nutraceuticals

Micobio is a pioneering brand of liposomal technology, born from the collaboration between our R&D laboratory and the world's leading liposome specialist.

The concept ?

We offer an exclusive range of the 1st liposomal complexes offering maximised bio-availability for guaranteed efficacy, a major leap in the nutraceuticals.

Micobio® develops its formulas using a unique process that guarantees high assimilation and stability of powerful active ingredients.

● Phospholipids
sunflower including 50%
phosphatidylcholine

● Active ingredients
preserved

Maximized
bioavailability

Micobio offers a range of products
based on **Microneedle®**,
**powerful & natural active
ingredients..**

Micobio is a fusion of high technology and
the power of natural active ingredients, offering
unrivalled solutions in terms of efficacy.

Active

MiCoBio CIRCULATION

REINFORCES VENOUS CIRCULATION

TARGETED ACTION

- Improvement of venous circulation
- Vasoprotection
- Lymphatic action
- Anti-inflammatory
- Antioxidant
- Reduction of edema

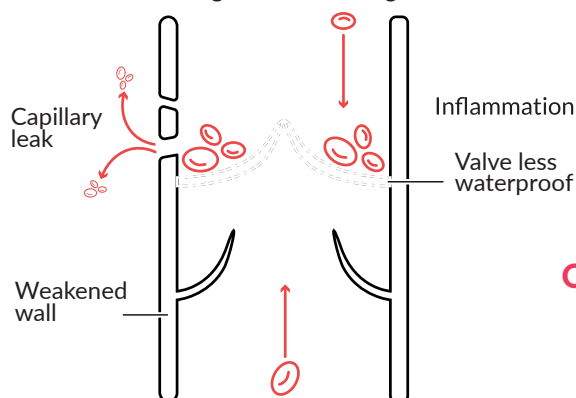

EASY ADVICE

- Heavy legs
- Swollen legs/ numbness
- Hemorrhoids
- Lymphedema

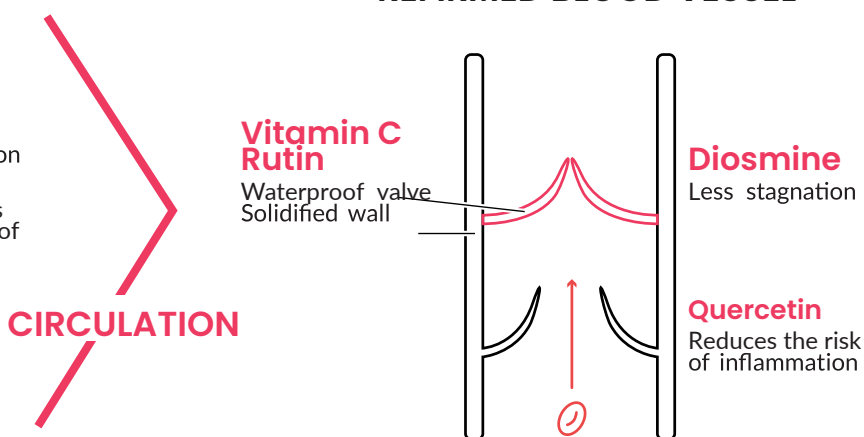

ACTIVES	2 capsules
Diosmin	75 mg
Rutin	75 mg
Quercetin	75 mg
Resveratrol	25 mg
Coenzym Q10	10 mg
Grape seed extract including OPC (Oligo-proanthocyanidins)	50 mg 47,5 mg
Red Vine Extract of which polyphenols	50 mg 12,5 mg

LARGE BLOOD VESSEL

The blood
can go down and stagnate
